Date (expires in 12 months)

## FINANCIAL POLICY

Insurance coverage for infertility varies. Many insurance companies do not cover infertility. For this reason, we ask that you pay all fees at the time of service. We are not able to offer payment arrangements for any services. Financing is available through Advance Care Card. Please contact the billing department for more information.

We will submit a claim as a courtesy for all services rendered except for Tricare, VA, BCN Lab Services, Medicaid, and Aetna. If you are an Aetna patient, we will issue an itemized receipt for you to submit to Aetna for reimbursement. Please provide us with your current insurance information. If your insurance changes, please update us as soon as possible to ensure your claim is submitted correctly and promptly.

**Please note that your insurance policy is a contract between you and your insurance company; therefore, it is your responsibility to know and understand your contractual obligations and limitations.**

During the course of your treatment at The Fertility Center, you may wish to have a telephone consult. Telephone consults are billed to your insurance and are sometimes not covered and would then be your responsibility.

During your treatment plan, should you have an ultrasound at another facility, there is a \$115 per cycle outside monitoring fee that is not billable to your insurance company.

Should you be interested in pursuing Assisted Reproductive Technologies (ART), you must initially pay a non-refundable ART Cycle Management fee in order to reserve a month for your procedure. Your complete ART fee **must** be prepaid prior to your procedure. A financial consult will be completed such that you will have a better understanding of the costs of your procedure(s).

In some cases, surgery may be recommended. We will bill your insurance for this. However, if you have insurance that we do not participate with, you will be required to pay in full within 30 days of the procedure.

**Any outstanding balances must be resolved prior to beginning each treatment cycle.** However, in the event of an emergency, care will be provided regardless of outstanding financial obligations.

Failure to pay any balances in a timely manner will result in a referral to a collection agency. In addition to the effect collection action will have on your credit rating, future services by The Fertility Center will not be provided until the balance is paid in full.

When obtaining a copy of your personal medical record for services rendered by The Fertility Center, we do not institute a monetary charge for the dissemination of a single copy of your record. A request for two or more copies of your personal medical record is subject to a \$25.00 administrative fee. There is a \$35.00 fee for FMLA paperwork.

For your convenience, we accept the following forms of payment: cash, check, credit card, and money order. Online bill payment is an option via our website, fertilitycentermi.com. We charge a service fee of \$25.00 for all returned checks. **All office fees are approximate and subject to change without notice.**

**No Show policy: We require 48 hours' notice to cancel an appointment. You will be charged ½ the visit cost if you fail to show or contact the office. You will be charged \$25.00 if you contact the office in less than 48 hours. There will be no charge if you cancel with a 48-hour notice. For self-pay and non-par insurances, a \$100 deposit is required when making a new patient or established patient appointment. There is a \$50 no show fee for retrograde appointments in our lab.**

Should you have any questions, please feel free to contact our office at (616) 389-8709 or (616) 988-2229, option 5.

### Acknowledgement of Payment Responsibility

**I have read and understand the Financial Policy of The Fertility Center and agree to its terms. I understand that I am financially responsible for any services provided by The Fertility Center, including any items denied or not covered by my insurance and any yearly deductible or co-payment amounts. I acknowledge all outstanding balances for services are to be resolved within 30 days.**

### **CONSENT FOR TREATMENT**

Knowing that I require diagnostic testing, medical treatment or hospitalization, I voluntarily consent to the medical treatment deemed necessary in the judgment of my treating physicians. I am aware that the practice of medicine and surgery is not an exact science, and I acknowledge that no guarantees have been made to me regarding the results of examination, tests, or treatments. I understand that if major diagnostic studies or treatment procedures such as surgery are required, I will be asked to give specific consent to those procedures. If I am an obstetrical patient, I understand that my signature consents to the care and treatment of my fetus.

### **MY MEDICAL INFORMATION**

I understand that The Fertility Center will keep my medical information according to state law, federal law, and policy. I also understand that my information will be stored electronically and may be sent to or received from other healthcare providers and/or payers electronically. This includes treatments and medicine or prescription information about me, including drug or alcohol use. In some cases, The Fertility Center is required by law to report information to an agency like the health department. This may prevent other diseases. I understand I can ask additional questions before signing this consent.

**I have read the above information or have had it explained to me, and indicate my understanding of same, by signing this document.**

## CONSENT FOR HIV TESTING

HIV (Human Immunodeficiency Virus) infection is a long-term illness that damages the body's immune system and its ability to fight diseases. HIV can cause AIDS (Acquired Immunodeficiency Syndrome), the stage of HIV when the body is weakened and less able to fight off germs. HIV spreads through blood, semen, vaginal fluids, and breast milk. You can get or give an HIV infection by having vaginal, anal, or oral sex without a condom or sharing needles when injecting drugs. An infected mother can pass HIV to her child during pregnancy, birth or breastfeeding. You cannot get HIV by donating blood or through casual contact like hugging or shaking hands. People can have HIV for years and not know it unless they get tested. Testing to determine if you **are infected** will help to facilitate proper treatment.

HIV testing: A **negative result** means you are not infected with HIV or you may have a recent infection that is too early to show up positive. If you have been exposed to HIV in the last six weeks, the test may not detect a new infection. A **positive result** means you are living with HIV. This means you can pass your infection to others through sex, sharing needles, or through birth or breastfeeding. You should take precautions to avoid infecting others.

I understand I can ask additional questions before signing this consent and may ultimately refuse to sign it. My physician will review my treatment options at The Fertility Center, should I refuse HIV testing. I understand HIV test results are confidential and shall not be released without my permission, except as permitted under state law. I understand that I have a right to have this test done without the use of my name at any Michigan Department of Health-approved HIV counseling and testing site.

I acknowledge that I have been given an explanation of the test, including its uses, benefits, limitations, and the meaning of test results. I understand that I have the right to withdraw my consent for the test at any time before the test is complete. By my signature below, I consent to be tested for HIV.

I consent to HIV Testing.

I do not consent to HIV Testing
